

Projet e.twinning :

“Let’s build a better school together!”

Le groupe de spécialité Anglais Monde Contemporain (EDS B ANG 2) a collaboré tout au long de cette année scolaire avec des lycéens espagnols et italiens. Sous la conduite de Madame Mamet et de trois autres enseignants européens, ils ont imaginé les contours de l'école de demain, une école qu'ils souhaitent plus ouverte, accueillante et novatrice.

Ils sont heureux de vous faire part du fruit de leur réflexion, compilé dans leur « school mag », et accessible en cliquant sur le lien suivant :

... mais aussi un extrait de leur opinion sur ce travail collaboratif en langue anglaise

▲ "I enjoyed collaborating with students from different cultures and languages and learning the differences between our school and their schools."

"I really liked the fact that we had to use English for the whole project."
 "I liked having the possibility to interact with people from other countries, realizing that I have so many more things to discover about the use of English and that I can always improve my skills."

▼ What did you like most in this project?

"I liked talking to foreign partners in English only, it was such a nice experience and I think now I'm more confident in using English in real life situations. For example now I do some calls where I talk in English with people."

▼ Would you be ready to work on new European e. twinning projects?

"Yes, because I think it is a really interesting experience that helps you with English, it's something new and interesting."
 "This project was a more funny way to learn English and enjoy classes."
 "Yes, you can learn some new skills with computers."
